Parts + Add Part

Part Number	Description	Supplier	Invoice #	Quantity	Each	Total
FS19764	Filter - seperator			1.0	27.15	27.0
P533938	Air Filter Main (Sterling Cat & Detroit)			1.0	144.58	144.0
Oil	oil bulk			36.0	4.25	144.0
KenworthFilter	Kenworth Filter - Fuel			1.0	48.0	48.0

Adding parts to a Vehicle and ticking the appropriate columns will automatically add those parts to the relevant service. (in this example all 4 parts will be automatically added to a B or C Service)

Edit Vehicle: PM01

Vehicle Parts

+ Add Part

Part Number	Description	Quantity	A	B	C	D	E	Repair Type
KenworthFilter	Kenworth Filter - Fuel	1		✓	✓			
Oil	oil bulk	36		✓	✓			
P533938	Air Filter Main (Sterling Cat & Detroit)	1		✓	✓			
FS19764	Filter - seperator	1		✓	✓			

Any parts added to a Service will also appear on the Service Jobcards (this may be turned off in settings if required):

33. Fit kit			
34. Check Ringfeeder			
Part Number	Description	QTY	Parts Bin
FS19764	Filter - seperator	1.0	
P533938	Air Filter Main (Sterling Cat & Detroit)	1.0	
Oil	oil bulk	36.0	
KenworthFilter	Kenworth Filter - Fuel	1.0	
Part Number	Description	QTY Used	

If the Parts / Inventory system is enabled, parts used during a Service, Repair or Tyre will automatically be deducted from Stock when the Service, Repair Or Tyre is closed.

Prior to a Service, Repair or Tyre being closing out, any parts selected will appear as "Allocated" in the inventory system.
