

Click your user icon (1) in the top-right hand corner of the screen and click 'Settings' (2):

On the left-hand side of the screen, locate the 'Intervals' (1) option and click it:

If you want to edit an existing Interval, simply click the field and begin typing the new label. Otherwise, click the 'Add New' (1) button:

Enter the 'Interval Label' (1) and click 'Save' (2):

Add new Interval:

1

* Interval Label:
⋮

2

Cancel Save

Your newly created Interval will be in the table:

Interval was successfully created

Intervals

Add New

Simply click the interval field to edit. Press enter when you are finished.
