

Configuring Prestart checklist types.

We've gone live with the first part of the feature to allow for daily/weekly/monthly inspections in Prestart.

We've made checklist items like Service Checklist - tick the box to make it show up on the desired list

Checked	Question	Daily	Weekly	Monthly	Order
<input type="checkbox"/>	Check engine is correct	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	1
<input type="checkbox"/>	Check contamination & contamination from all air gases	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	2
<input type="checkbox"/>	Check fridges to safety of food and use within the vehicle	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	3
<input type="checkbox"/>	Check engine oil level, coolant level, washer water level, fuel level in tanks	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	4
<input type="checkbox"/>	Visually check for fluid leaks (if oil, coolant, fuel, brake/clutch fluid (if applicable))	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	5
<input type="checkbox"/>	Check cab and front seats & handles - check seats and seat belts	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	6

To turn this on, we need to change a setting in Integrations

Allow structured type selection
This gives you the ability to set a question as either daily, weekly or monthly. You can therefore set a question to appear in one or more of all 3x daily checklists. If this is enabled you will be prompted to select the checklist type (daily, weekly or monthly) in the Prestart app before beginning your prestart.
