

Import Komatsu/KOMTRAX Mileage Readings

Gearbox allows for the import of Komatsu/KOMTRAX Mileage reports, these can be found within KOMTRAX or will be emailed to your nominated email/s daily with the subject 'KOMTRAX Service Meter Reading Report'

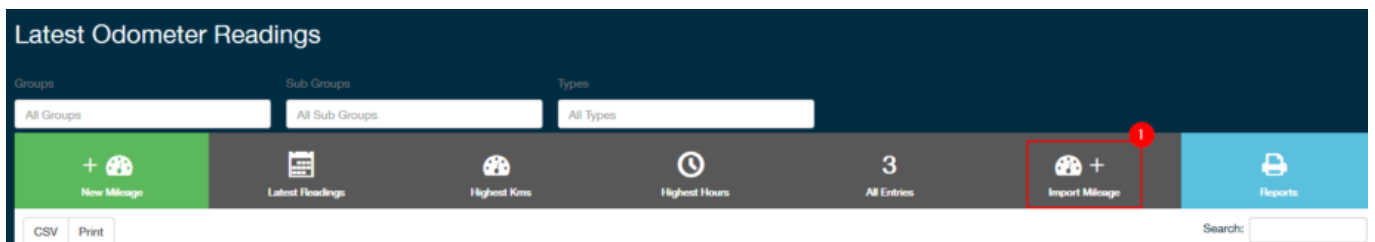

Before attempting to import the Komatsu/KOMTRAX file, please ensure it has (at a minimum) the following headers: "FleetNo", "SMR" and "Last Communication".

Once you have received the KOMTRAX Service Meter Reading Report, within Gearbox navigate to the Odometer section of Gearbox:

Click the Import Mileage button (1) to open the mileage import screen:

Import Komatsu/KOMTRAX Mileage Readings

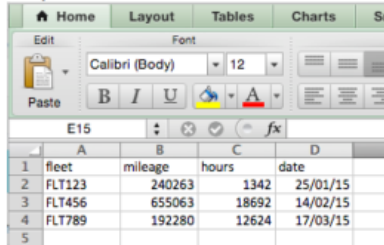

Click the Select File To Import button (1) and browse your local device for the saved Komatsu/KOMTRAX file, once this has been uploaded click the Import Komtrax button (2):

Mileage Import

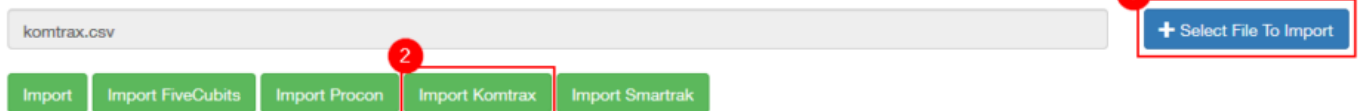

A CSV or Excel file can be used to import records. The first row should be the column headers. The following columns are allowed:

- **fleet** - ie FLT123
- **mileage** - ie 834
- **hours** - ie 380
- **date** - ie 25/01/2015

Sample format:

	A	B	C	D
1	fleet	mileage	hours	date
2	FLT123	240263	1342	25/01/15
3	FLT456	655063	18692	14/02/15
4	FLT789	192280	12624	17/03/15
5
