

Welcome to Gearbox!

These steps will help you configure your system and introduce you to the conventions used throughout the website and the application.

At anytime, if you require assistance, call **1800 100 941** or email support@gearbox.com.au.

Tips for using this website

Hyperlinks

Links to other documents will appear [blue](#). Clicking on one of these links will take you to further information on that topic. To return to the previous page, click 'back' in your browser, or in the case of this getting started guide, you will find a link at the bottom of each article to return you to the previous page.

[< Back to getting started](#)

Alerts

An information box will contain further details on the topic that will assist the user with tips or further clarification of the article.

A yellow alert is used to convey important information about a system configuration that affects the way in which the system will operate.

A red alert identifies critical information that will effect the operation of the system.
